

WARNING: Avoid strains when using PlayStation®4™ (PS4).

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation®4 game console, may induce an epileptic seizure in these individuals. Certain conditions may reduce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or loss of consciousness — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING: TO PREVENT FIRE PRODUCTION DANGERS:

Do not connect your PlayStation®4 game console to a projector TV without first consulting the user manual for your projector TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

WARNING: Keep PlayStation®4 safe:

- This compact disc is intended for use only with the PlayStation®4 game console.
- Do not bend it, scratch it or damage it in any way.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended use.
- Wipe this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or other cleaning agents.

ONE ON ONE

2-player racing with active Weapon Grids and Checkpoints but no other enemy ships. Two 2-PLAYER MODE screens.

2-PLAYER MODE: Both Arcade and racing and One-On-One racing are 2-player games. In order to play them, you will need 2 PlayStation 2 game Controllers connected to a unit cable. Both Controllers will receive a copy of the game. Both players must select the same 2-player option from the menu. After a few seconds, the message "START!" will be displayed on both screens. The PlayStation 2 that completes the link up first will be referred to as "Host". The other PlayStation 2 will be referred to as "Guest". From then on "Host" is Player 1 and "Guest" is Player 2. Both players can then go into the Race Menu. Player 1 will then be able to go into the Racing Class Menu to make a selection on behalf of both players.

NOTE: During 2-player games, follow of on-screen instructions carefully to prevent the link being broken.

Condition A: If either player enters the Race Type Menu after a link has been established, the link will be broken. Repeat the process outlined in 2-PLAYER MODE to set up the link again.

Condition B: If either player selects Host after a link has been established, the other player will not be permitted to enter the Race Type Menu.

Condition C: On returning to the main menu from any 2-player game the link will be broken and both machines must be Single Player Arcade Mode. To start a new 2-player game the link must be set up again by following the process outlined in 2-PLAYER MODE.

ARCADE CHALLENGES

If you manage to complete all arcade units in that place while playing in arcade mode, an arcade challenge will become available on this screen. This will continually test your racing prowess. But it won't just be easy. Remember that the world of anti-gravity racing is a dangerous one - unknown hazards could be lurking just about anything.

NOTE: In all arcade challenges the use of full weapons is compulsory - there is no Weapons Off option available. You will also find that as this is the Arcade Challenge, the track you race on will be auto selected - access to the Race Menu will be denied.

During the Arcade Challenge you are allowed three "Continues". Finish in fourth place or below and you will be told you "Continued". Finish in second or third and you retain the number of "Continues" you currently possess. However, in order to progress to the next round you must win on your current track.

CONTROLS

Use the Directional buttons to reposition required items. Press the **X** button to confirm. Press the **△** button to return to the previous menu.

Each track operates 3 standard units - standard specifications vary from track to track.

PHASE
